4. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest either alone or in combination thereof:

a method for collecting vehicle road-use and parking fees and for monitoring vehicular regulatory compliance comprising the steps of:

implanting a plurality of passive signaling devices on every vehicle registered in the United States, Canada, and Mexico;

inputting information concerning the vehicle to a central agency, the information comprising vehicle title, insurance, driver license information, inspection, and emissions;

placing fixed vehicle code readers in selected areas near bridges, tunnels, and highways;

equipping traffic managers with mobile vehicle code readers;

reading the identification code with the fixed or mobile vehicle code readers;

using the code to charge the account with road-use and parking fees incurred by the vehicle during a period of time, which road-use fees include additional fees according to the number of vehicle axels and vehicle weight;

using the code to monitor and verifying vehicular regulatory compliance relating to insurance, emissions, registration and title matters; and

issuing a periodic report to the title owner of the vehicle containing identifications of time, place, fee charges and account balance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
